# W.A. PATTILLO HIGH SCHOOL

THE SENIOR CLASS  
OF  
1965  
PRESENTS THE  
TROJAN

*Rudolph Knight*

One year eventually, with an almost insatiable desire to return to the pleasant scenes of "Yesteryear." It is the purpose of this, the 1965 TROJAN, to capture the fleeting scenes - humorous, serious, provoking and otherwise - as they passed our way at Pattillo. From this yearbook - you, our reader, will glimpse the intimate associations of Pattillo's school family.

This annual is the result of long, hard work and many frustrations, but we, the staff, though weary, toiled to the finish. We sincerely hope that in years to come, you will regard it as one of your most cherished treasures and that these pages will help you return to your "yesteryear." We proudly present this the 1965 TROJAN as a token of our love, our allegiance, and our loyalty to our great school, the W. A. Pattillo High School.

## *Dedication*

With grateful hearts, for your untiring efforts, encouragements and prayers,

We dedicate this, our Annual, to you who never ceased denying, struggling, urging, and making ways where none seemingly existed to have us further ourselves and be prepared to meet the challenges of this changing society.

Parents, Dears, your values far exceed this feeble effort for so noble a task undertaken and finished. To you, the Parents of the class of 1965, we humbly dedicate our Annual.

*Administration*

MR. C. B. MARTIN  
Superintendent

The Tarboro City School System is greatly enriched by the leadership of Mr. C. B. Martin. As Superintendent, Mr. Martin is a devoted administrator who has his work at heart. Much of the credit for the good reputation of our school goes to him. Mr. Martin has devoted excessive energy for the welfare of our school.

His competent staff works right along with him.

MISS MARY M. LEWIS  
Secretary

MRS. BETTY M. BAILEY  
Secretary

MR. R. H. CHERRY - Principal

Preparation, training, and experience are traits which qualify Mr. R. H. Cherry, our principal, to render outstanding service to our school community. He portrays interest in the students and makes every effort to see that each student makes wise use of his time. We are very grateful to Mr. Cherry for the progress that our school has made under his administration.

Miss Vines, his secretary, works very diligently with him and adds much to our school program.

MISS RUTH VINES - Secretary

*P. Boddie "Mother Superior"*

MRS. BODDIE, Supervisor

Mrs. Boddie, through her untiring efforts, does much to keep our program running smoothly. She has proved that she is interested in the progress of our school.

Miss Kelly, our counselor, is able to cope with the problems of the students. Through her patience, understanding, and helpful suggestions, we gain perspective of ourselves. To her, we owe many thanks.

*Mrs. Kelly*

MISS H. V. KELLY  
Guidance Counselor

*Boddie*

MRS. WARD, Attendance Officer

Through Mrs. Ward's efficiency, we are hoping that our drop-out problems will dwindle as time progresses. She has been working very earnestly since she joined our staff.

Mr. Barnes, High School Chairman, meets with faculty committee.

Mrs. Brown, Grammar Grade Chairman, discusses teaching aids with co-workers.

Mrs. Smoot, Primary Chairman, explores new books with students.

## KNOWLEDGE IS POWER

F

"Sunset and evening star and one clear call for me" best describes classes and the need for education.

a

In our classes, we associate with fellow students, browse through our textbooks, but seldom ever apply ourselves fully; nevertheless, through the diligence of our teachers, we somehow manage to absorb valuable lessons of life. We learn math, science, and become familiar with the usage of English.

c

u

e

t

With the hope that education gives us, our horizons become brighter; the "one clear call" increases in volume, and we leave Pattillo, better for having been here.

Here, Miss Berry, our accelerated English teacher, collects money for subscriptions to supplementary magazines. Her students do extensive reading, creative writing and work at their own rate of speed in their programmed instruction books, which deal with English usage.

Mrs. Bullock, our French teacher, is demonstrating our new Language Lab. to some of her Senior French students. We are sure that we will be greatly benefited by this new addition to our Language Department.

## *Personnel*

The work of keeping the school clean at all times is always demanding and sometimes a very hard job. Without the long, hard hours of our custodian, we could not function properly.

Our cafeteria staff works very hard to make our lunches nourishing and attractive. They make it possible for us to have a nice hot meal every day.

# My Diary . . .

## EXCERPTS FROM A STUDENT'S DIARY

Dear Diary,

I'll never quite forget:

Sept. 1, 1961

109 bright-eyed boys and girls were anxiously waiting to taste the excitement of high school life.

May 5, 1962

We discussed plans for a class picnic in school today. Things look pretty shaky. I hope it comes off alright. Anyway I can breath easier now. The end is in sight. I'll soon be in 10A.

Sept. 10, 1962

School's in full swing now. Gee! being a sophomore makes you feel so much more secure.

Feb. 15, 1963

"The True in Heart" was presented by our class and was rated excellent. The students went wild over the performance of Larry.

April 6, 1963

Thomas, Maurice, Kermit, Bradford, Cheryl, and Rudolph waved goodbye to us as they headed for the district festival.

May 16, 1963

I could have danced all night. After many excited plans we danced away the hours at our Sophomore Ball. Rain didn't stop us!

Sept. 29, 1963

We're full pledged Juniors, and we're going places. To lead us we elected Thomas as Pres. and William as Vice Pres.

April 10, 1964

"Roman Holiday" was the theme of our Prom and boy was it a holiday!

Oct. 2, 1964

A concerned look of anticipation has replaced the childish grin we once had. Business is business!

Feb. 19, 1965

We unveiled our motto, "Knowledge Is Gained by Work - Wisdom By Experience."

Dear Diary,

The day we have been so anxiously waiting for has come - oh so quickly! Graduation Day, the ultimate goal of all of us from the day we entered Pattillo. We have a happy glow of knowing that we have climbed one more important rung of that long ladder called life.

But that glow is mixed with sadness. We are leaving the security of our little world where we have learned to work and play together.

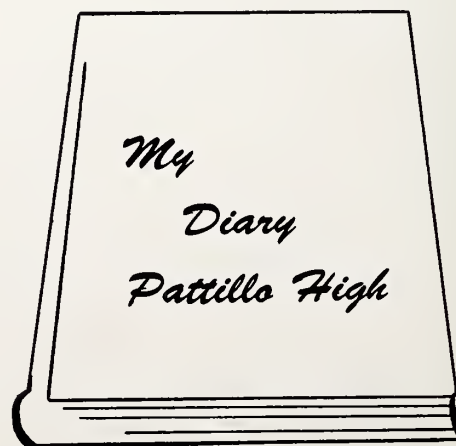

As we look to the future, always ahead of the next rung and the next, we will want to remember these years which have been filled with so many rich experiences, the enduring friendships of our classmates and the constant guidance of our teachers. We'll never quite forget . . .

All of us have acquired a set of values with which we can step out into the world--a set of values that will stand the test of time. We could not have done it alone!

Dear Diary, the memory will be a good one during the years to come.

Sincerely,

A Graduate

# Class Song

Kermit Harrison, Composer

## CLASS SONG (Tune of Auld Lang Syne)

Pattillo High We now leave thee  
Our memories will never die,  
For deep down in all our hearts  
A strong love for you lie.

From "tots" you've molded our hearts and brain  
Both moral and physically too,  
So whatever goals we may obtain  
We'll remember and always thank you.

We love you parents, teachers and friends  
We love you one and all,  
We've done our best to show you love  
As we leave Pattillo's walls

### Chorus

Pattillo Dear, our Alma Mater  
A mother dear to all  
Thy standards high we'll ever raise  
And never, let them fall.

No! He's no businessman; Thomas is only in the process of locating his plans for presenting the next class meeting.

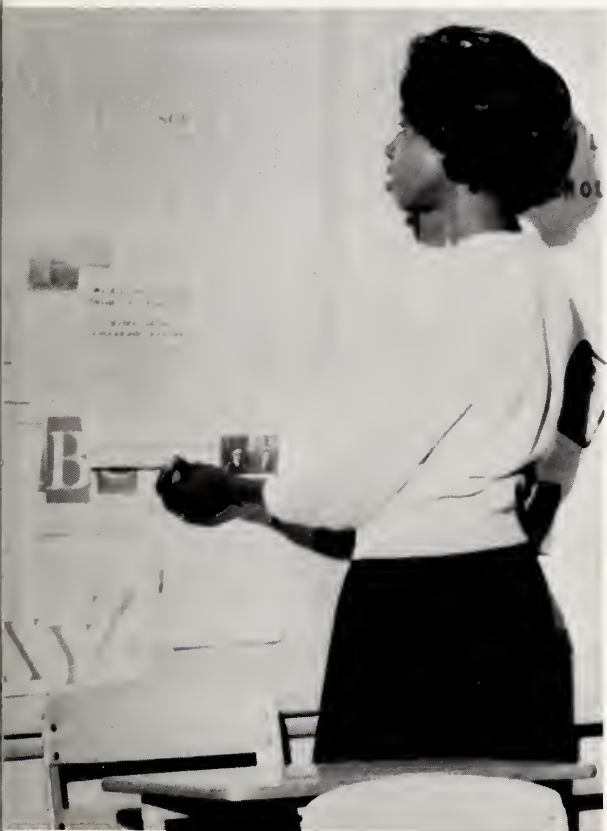

The brain is at work! Linda displays a good way in which she spends her time as she concentrates on the material she is reading.

"In the search for a better tomorrow": Here, Williebea, Larry, and William are searching for valuable information surely to benefit them in their tomorrow.

Musicians too! The two MM's, Mary McLean and Maurice Mayo, while in preparation for a program are spanning their unlimited talents.

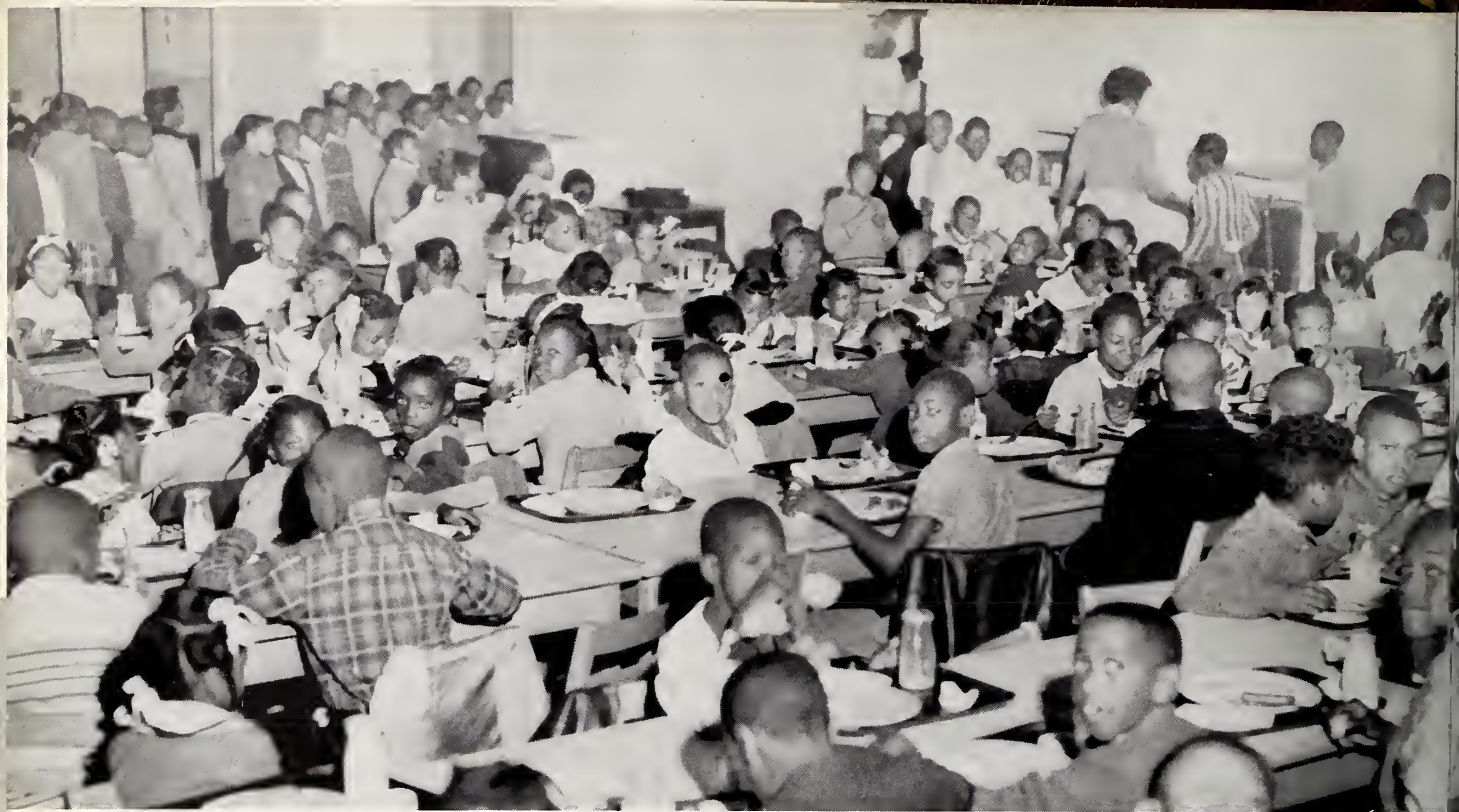

Wanted!

Yes, those available scholarships that Dora Dickens is observing are certainly wanted, and she's trying to find out how to get her fingers in the pot.

Wonder what he's saying? Well you can certainly wager your money on the fact that it's something ear catching that will keep you on the edge of your seat.

Every high school is dependent upon an elementary school if for no other reason than to supply its future enrollment. However, we of the elementary department here at Pattillo feel that we do far more than supply enrollment for our high school. As you turn the pages, you will see our department in action. You will also see many reasons for the inter-dependence existing here at Pattillo.

Kathryn,

It gives me great pleasure to bring your work. I can hardly find words to really express what I want to say. May you always be successful in your future endeavor. It has been wonderful to spend 32 years, especially the last years, always remembering.

Rudy,  
The thoughts behind this note are as loving as can be, for you are one who holds a special place in my heart and all the wishes that it brings are extra-loving, too. The way they really ought to be for someone dear as you!

Pals,  
 Even though we don't get along all the time, we are still good old friends, I'll always treasure your admiring personality. Do what your heart says, you'll always be R-I-G-H-T.

To Jack Benny  
 Even though we <sup>don't</sup> get along all the time, when we are on good terms, you are a very nice boy and one of the best I've ever met.

Dear Opposition,  
 The short battles we've had will give me many wonderful memories as I moan over my coming gray hairs.  
 I know there is no need to wish you success, just leave a little for me.

Synda

Rudolph,  
 Although we are of different classifications, you were always like the big brother I've always wanted.  
 You'll always be the one that is most admired by me.

Minnie

Kudy,  
 Continue to show the initiative that you've showed in and while at PHSS.
